

## **Petcover Breeder Partner Charter**

Petcover is one of the world's leading insurers of pets. We are committed to provide the best care for pets and peace of mind for pet owners. Our work with responsible breeders is the core of this.

As a responsible breeder you can set up a 6 Week Introductory Insurance Policy for the new owners of the puppies/kittens you sell. This provides cover for veterinary fees associated with unexpected illness and injuries and should the worst happen - the death of a new pet.

In association with our Terms and Conditions our Breeder Charter outlines our expectations of Breeders issuing our 6 Week Introductory Insurance Policies.
